University of Kyrenia Policy on Quality Assurance

The Quality Assurance policy, which expresses the University of Kyrenia's commitment to excellence in teaching, research and service and sets the framework for all quality-related activities within the institution, includes the following provisions.

Accreditation and Compliance: University of Kyrenia usually receives accreditation from recognized institutions or organizations such as YÖK, YÖDAK, EPDAD to verify the quality of its programs and activities. Compliance with accreditation standards ensures that the institution meets predefined benchmarks for educational quality and effectiveness.

Curriculum Design and Review: University of Kyrenia's Quality Assurance provisions include processes for designing, reviewing and updating curricula to ensure that they are relevant, up-to-date and aligned with academic standards and industry requirements. This includes input from faculty, industry professionals and other stakeholders.

Quality of Teaching and Learning: University of Kyrenia implements mechanisms to assess and improve the quality of teaching and learning experiences. This includes peer reviews, student evaluations, classroom observations and professional development opportunities for faculty.

Assessment and Evaluation: The University of Kyrenia's Quality Assurance provisions include methods for assessing student learning outcomes and program effectiveness. This includes standardized tests, examinations, portfolios, capstone projects and other assessment tools to measure student achievement and program success.

Research Integrity: Ensuring research integrity and ethical behavior at the University of Kyrenia is an important element of quality assurance. University of Kyrenia establishes policies and procedures to promote the responsible conduct of research, prevent misconduct and maintain ethical standards in research activities.

Student Support Services: Quality Assurance provisions at the University of Kyrenia cover support services designed to promote student success and well-being. These services include academic advising, guidance, career services, disability support and other resources to help students achieve their academic and personal goals.

Infrastructure and Facilities: University of Kyrenia maintains high quality infrastructure and facilities to support teaching, research and administrative functions. This includes classrooms, laboratories, libraries, IT systems and other resources necessary for academic

excellence.

Continuous Improvement: University of Kyrenia Quality Assurance provisions include a culture of continuous improvement where the University regularly evaluates its processes, policies and outcomes to identify areas for improvement. This includes conducting internal audits, benchmarking against peer institutions and soliciting feedback from stakeholders.

External Review and Feedback: University of Kyrenia may engage in external reviews such as institutional assessments, program reviews or employer surveys to gather feedback and insights from external stakeholders. This feedback informs strategic planning and quality improvement efforts.
